## FAQ

How long is the hire period? Most customers want to hire equipment for a weekend event, so the prices quoted on this website are for two or three days over the weekend. We usually deliver at the end of the week, and pick up at the start of the following week. If you hire for a mid week function, we usually drop off the day before, and pick up the day after.

What happens if something gets broken? The hire cost is based on everything being safely returned to us, so all breakages and losses are the responsibility of the hirer. Prices for replacements are different for all items. Please contact us for a quote.

Do you require a deposit? We require at least 25% deposit to secure the order within a week of booking, and final payment 4 days prior to delivery. The deposit is not refundable.

How do I know if my site is suitable for installing? Our Marquee providers use pegs driven into grass surfaces or natural ground that bury approximately 50cm deep. It is the hirees responsibility to contact 'dial before you dig' to ensure the site is suitable. On surfaces where marquees cannot be pegged into the ground (such as on paving, concrete or asphalt) steel or concrete weights must be used.

What size marquee will I need? There are many factors to consider when determining the size of the marquee required for your event. Some factors that need to be considered include:

- Available space to fit the marquee. Have you measured the area to make sure the marquee will fit where you want to put it?
- The type of event, e.g. wedding, birthday party etc.
- The number of expected guests
- Whether the guests be seated at tables, round or rectangular. A rough layout
- Whether you require a stage, dance floor, buffet tables or other furniture in the marquee
- We'll need to know if our vehicles can make it right up to where the marquee is to be erected.

# Marquee Capacity Guide

When calculating the size of marquee you require, remember to allow extra for any items other than people. These items may include a stage, dance floor, band, present table, bar, etc
